STAFF PICKS

There is a corner dedicated to staff picks books. A new book is chosen by staff members every month, and each staff member's name who picked the book is shown on the bookmarks. Check it out the corner was organized by our staff member, Anna.

Anna says “One more way to choose your next book to read or movie to watch is browsing through the staff picks. Every two months the staff is putting together a staff display of their favorite reads of different genres or movies they have watched that they recommend for you to check out. Staff picks is a great way to try something new!”
**UPCOMING EVENTS**

Try it at Home Series: Seed Starter Cups

Materials:

- Used toilet paper rolls
- Scissors
- Potting soil
- Seeds of your choice
- Watering can or spray bottle
- Tray or shallow container (optional)

Instructions:

- Using a marker or pen, make four equally spaced marks around the bottom edge of the toilet paper roll. Each mark should be approximately 1/2 inch in length.

- Carefully use your scissors to cut along the marked lines, creating four slits around the bottom of the toilet paper roll. Ensure the slits are evenly spaced and are about 1/2 inch in length.

- Once all four slits are made, gently fold each section inward to create a bottom for the seed starter cup. Soak the bottom in water, then it can be easily sealed.

- Place it on the tray.
